Information about the company

1.	Information about the company	The TOMIR plant is one of the leaders in the field of air heating and ventilation in Russia. We produce equipment for industrial premises, shopping malls, sports centers, manufacturing plants and other large facilities. The limited Liability Company TOMIR Plant was founded in October 1999 and has many years of experience in manufacturing, automating and supplying air heating and ventilation systems, as well as providing metalworking services according to customer specifications and requirements. The company's specialists developed heating and ventilation systems based on their products and applied them at the facilities of the following enterprises: ChelPipe Group of Companies, Peplos LLC, CHMK JSC, CHEMK JSC, Chelyabinsk Zinc Plant JSC, Mechel JSC. Delivery to other regions: Gazstroydetal JSC, Tula, Low-Voltage Equipment Plant JSC, Cherkessk, Ural Hot-dip Galvanizing Plant LLC, Polevskoy and others, an expanded dealer network.
2.	Information about the product	The TOMIR plant produces energy-saving climate control equipment with capacities from 50 kW to 12,500 kW for heating and ventilation of industrial, commercial, warehouse, livestock, agricultural, car service and other premises. The main model range consists of regenerative and mixing types of equipment. Regenerative - stationary air heaters for heating and ventilation of rooms. The main difference between mixing air heaters and regenerative ones is that flue gases are not discharged into the chimney, but are mixed with the heated air. It can be used as temporary heating, for example, on construction sites or in the off-season. Active development of non-standard equipment (from initial terms of reference software development to manufacturing) for technological productions at the request of the customer. Production of elements for ventilation systems made of galvanized, carbon and stainless steels with thicknesses from 0.5 to 5 mm. Rendering of the following types of metalworking services: laser cutting (from 0.5 mm to 30 mm), bending, rolling, polymer powder coating, welding.
3.	Priority directions of export (countries, regions of the world)	CIS countries and neighboring countries.

4.	Company indicators (Your indicators for the year, for the entire existence of the company, any achievements in numbers)	More than 25 years of manucaturing experience; Stainless steel aspiration systems. Production of durable elements for industrial ventilation; Non-standard metal structures. According to individual technical requirements and drawings of the customer; Individual solutions. Manufacture of equipment according to the customer's technical requirements.
5.	Contact information of the enterprise (legal name, address, phone, email, website, social media pages, taxpayer identification number, HS code)	Zavod TOMIR Limited Liability Company **Legal address:** Valdayskaya st., b. 8p, Chelyabinsk, Chelyabinsk region, 454081 **Taxpayer Identification Number (INN)** 7452026889 **Telephone**: +7 (351) 214-78-55 **Email:** info@tomir.ru **Website:** zavodtomir.ru **HS code** 7322900009
